Now this ones goin out to
All the fellas that done
F**ked up
They relationship with they
Old lady thinking

Now you done walked into that bar
Ordered one drink
One drink done
Turned into three
Three done turned into ten
Now you lyin on that bathroom flo
Askin yoself what happen
Im wit you my nigga
Im wit you

Never knew just what I had
Then not have now im stuck
With this habbit singing drunk
Screamin damnit girl why
Whyd it take for you
To free up out my life
Before I look myself in the mirror
(singing why why why why why)
Ooh baby sex so good lately
Its been to crazy
Its been two days since
Ya left me
Ooh baby I miss you baby
And darling I can't take it

I done hit rock bottom over you
Girl im beggin an pleadin
Gotta nigga feelin you darlin
Them liquor bottles got problems
I done hit rock bottom over you
And im missin them kisses
The way your body just glistens
When your in the shower
Just listen
I done hit rock bottom over (you you you)
And I can't just hit rock bottom (over you you you yeah yeah yeah yeah)

Now im in these streets
Just tryna figure out
Just how the f**k im gonna
Get my baby back
Back right now
An im thinkin baby if I send
Some flowers or some candy
Sing a lullaby
(hell nah that aint go work)
And I know this sounds crazy
But I aint givin up
Darlin you gotta understand

I was off the chain
In I
I wanna make it worth your wow
This time
I done hit rock bottom over you

I done hit rock bottom over you
Girl im beggin an pleadin
Gotta nigga feelin you darlin
Them liquor bottles got problems
I done hit rock bottom over you
And im missin them kisses
The way your body just glistens
When your in the shower
Just listen
I done hit rock bottom over (you you you)
And I can't just hit rock bottom (over you you you yeah yeah yeah yeah)

When we hooked up
We sat down made an agreement
We vowed that we would always be
Together through whatever
We say that no one would eva
Come between us
Said we would never ever leave us
That was a while ago
But its like lately
It feels like
I mean I feel like
All we do is fight
And every single night
We can't get it tight
We can't get it right
I just wanta go back
Take it way back
All the way back
Start again do it over
Can we straighten it out
Can we work it out
Cause I don't want be without
(you you you and I just can't hit rock bottom over you)
You make me feel like
A natural man
And I stand under the clouds
Tryna catch you if I can
And if that goes as planned
Then safely you should land
We will hold hands and dance
To the beat drums of are heart
We should never be apart
I pray the music never finish
From the start on ya mark
Get ready set pume
As I race to the finishline
Better yet the top
Cause I don't wanta hit rock bottom
Bottom line
Please

Girl im beggin an pleadin
Gotta nigga feelin you darlin
Them liquor bottles got problems
I done hit rock bottom over you

And im missin them kisses
The way your body just glistens
When your in the shower
Just listen
I done hit rock bottom over you lets go you again you
And I can't just hit rock bottom over you again you again you yeah yeah yeah
