But you cant say you don't think about me.
I messed up I know I had my chance,
But the feelings that I have just won't leave. WoooH
And maybe on a night when you're lonely girl,
I can bring that old thing back.
And you're dying to put it on me girl,
There's no denying that.

So can I get one more chance to hear you just say yes,
(yeeesss, yeeess)
Cause if I rap my arms around you I promise I won't let go (I w

Imma make it special,
A night you'll never forget yeeeeahhh (Baby I'll just wait for y

Relationships are built upon trust.
