

She Likes

Pleasure P

Imma take off your clothes, my babe.
Imma make your body explode.
Imma take full control, my baby,
Until you let it go!
She likes, she likes, she likes, she likes, she likes,
She likes the way I kiss,
Likes the way I touch,
Likes the way I freak,
But loves the way I love...

Candle light, moon light,
You and me by the fire side.
Imma take a hit of your body like a blunt
And Imma take a shot of your loving like a drunk.
Imma put my tongue on every inch of your body,
Stick my key in the ignition,
Girl, let's get it started!
Don't knock me out, don't knock me out
Just wear me out!
See I came to put in work and I'm ain't clocking out.

Baby, Imma take off your clothes, my babe.
Imma make your body explode.
Imma take full control, my babe,
Until you let it go!
She likes, she likes, she likes, she likes, she likes,
She likes the way I kiss,
Likes the way I touch,
Likes the way I freak,
But loves the way I love...

I'm a little freaky, baby, I'll get freaky for you.
I never mess with girls but fantasize if you wanna.
See pleasing you is the only thing that could make me happy.
I know I'm in control by the way you moaning and grabbing.
Imma make you stay all night.
I'm down for you all my life!
Imma make you stay all night,
I'm down for you all my life.
Baby, you can take off all my clothes my babe,
Until my body explodes!
Imma let you take control, my babe,
I promise you I won't let go!

She likes, she likes, she likes, she likes,
(I said I like the way you kiss)
She likes the way I kiss,
Likes the way I touch,
Likes the way I freak,
But loves the way I love...

I appreciate what you give to me!
And I appreciate all the freaky things!
Baby, I appreciate all your fantasies.
Baby, I appreciate!

And I appreciate your body, baby!

And I appreciate the love we make.
Baby, I appreciate all those special things.
Baby, I appreciate!

(2x)

She likes, she likes, she likes, she likes, she likes,
She likes the way I kiss,
Likes the way I touch,
Likes the way I freak,
But love the way I love...
