Walkin to yo car shooting that choppa lookin mad
Bustin from the front, the goons bustin from the back

My goons lurk all day lookin for spots
Tryin to find where you layin and what you got
Might done followed you home weither you know it or not
Until we peep something nigga we circling the block
Keep them yoppas on deck so we ready to squab
Nigga ridin all mornin since 7 o'clock

So if you slippin and we peep you we ready to plie
Four yoppas fifty rounds two hundred shots
All us ridin with big toolies no glocks
All the yoppas off safety no locks
