## Plies

Aye bruh

And shes my goonette

For her birthday I bought her a pink ski mask  
When I piss her off she dont let me eat the pussy when she get mad  
But real nigga I aint gont lie I done fucked her on the rag  
It was like she was spottin', she aint bleed that bad  
She dont like to drive the chevy, drank too much gas  
Gave her sixty and told her fuck it go buy the jag  
She say she know when I'm lyin' to her cause I talk fast  
Cut her friends them loose, she said them hoes crap  
She like me  
She dont fuck with rappers, they lie too bad  
Pussy fat, I told her it look like she wearin' a pad  
She aint a ten or a dime, she a ten and a half  
A goonette is the baddest bitch you can ever have

Shes my baby, yeah  
And I love her to death  
Shes got good loving, yeah  
And she keeps it on deck  
She holds me down, yeah  
While I chase these checks  
Im her goon, yeah  
And shes my goonette  
Goon

She play tough and she act hard, but she cry easy  
Say if she catch me with another bitch, she gone leave me  
You fuck em' good and you take care of em'  
They dont want you cheatin'  
I first met her she was green dawg, but now she seasoned  
She like to drank what I drank, she dont like to drank really  
She dont trust no bitches, she feel like they schemin'  
She hood as ever, she can talk just like them white folks  
I dont know if she can fight forreal, but she talk shit though  
And everytime she get drunk she like to straighten the hole  
First time I fucked her, I acted like the rubber broke  
She act like she couldnt take it, she make me fuck her slow  
But now she grab my ass, and make me fuck her mo'

Shes my baby, yeah  
And I love her to death  
Shes got good loving, yeah  
And she keeps it on deck  
She holds me down, yeah  
While I chase these checks  
Im her goon, yeah  
And shes my goonette

Goon

I dont want no dingy bitch, give me a goonette  
Can put her hair up in a pony tail and still be that  
Can be the just woke up, and pussy still wet  
And she can be dead ass broke, but she can still dress  
And everybody can piss her off, but she wont stress  
And just to make sure I'm good nigga she gone check  
And every two or three months nigga she get in check  
Her biggest fear when it come to me is another bitch  
She had her choice, to be gettin' fucked and not necked  
If I had my choice, we'd be gettin' fucked and then neck  
And now she listen and observe so she talk less  
The next bitch to be my lady is a goonette

Shes my baby, yeah  
And I love her to death  
Shes got good loving, yeah  
And she keeps it on deck  
She holds me down, yeah  
While I chase these checks  
Im her goon, yeah  
And shes my goonette  
Goon
