For her birthday I bought her a pink ski mask
When I piss her off she dont let me eat the pussy when she get mad
But real nigga I aint gont lie I done fucked her on the rag
It was like she was spottin', she aint bleed that bad
She dont like to drive the chevy, drank too much gas
Gave her sixty and told her fuck it go buy the jag
She say she know when I'm lyin' to her cause I talk fast
Cut her friends them loose, she said them hoes crap
She like me
She dont fuck with rappers, they lie too bad
Pussy fat, I told her it look like she wearin' a pad
She aint a ten or a dime, she a ten and a half
A goonette is the baddest bitch you can ever have

Shes my baby, yeah
And I love her to death
Shes got good loving, yeah
And she keeps it on deck
She holds me down, yeah
While I chase these checks
Im her goon, yeah
And shes my goonette
Goon

She play tough and she act hard, but she cry easy
Say if she catch me with another bitch, she gone leave me
You fuck em' good and you take care of em'
They dont want you cheatin'
I first met her she was green dawg, but now she seasoned
She like to drank what I drank, she dont like to drank really
She dont trust no bitches, she feel like they schemin'
She hood as ever, she can talk just like them white folks
I dont know if she can fight forreal, but she talk shit though
And everytime she get drunk she like to straighten the hole
First time I fucked her, I acted like the rubber broke
She act like she couldnt take it, she make me fuck her slow
But now she grab my ass, and make me fuck her mo'

Shes my baby, yeah
And I love her to death
Shes got good loving, yeah
And she keeps it on deck
She holds me down, yeah
While I chase these checks
Im her goon, yeah
And shes my goonette

Goon

I dont want no dingy bitch, give me a goonette
Can put her hair up in a pony tail and still be that
Can be the just woke up, and pussy still wet
And she can be dead ass broke, but she can still dress
And everybody can piss her off, but she wont stress
And just to make sure I'm good nigga she gone check
And every two or three months nigga she get in check
Her biggest fear when it come to me is another bitch
She had her choice, to be gettin' fucked and not necked
If I had my choice, we'd be gettin' fucked and then neck
And now she listen and observe so she talk less
The next bitch to be my lady is a goonette

Shes my baby, yeah
And I love her to death
Shes got good loving, yeah
And she keeps it on deck
She holds me down, yeah
While I chase these checks
Im her goon, yeah
And shes my goonette
