

# I Blame You

Plug in Stereo

There was a time  
Not so long ago  
Girls are nothing more then a little fun  
'Til you caught my eye  
Now all I see is you  
Never thought I'd be a fool in love

Well I spilled coffee  
On my favourite shirt  
Forgot to tie my shoes  
I don't know why  
I started think  
Since you came around  
I've never been so helpless in my life

And I blame you you you  
You and that dress of yours  
I blame you you you you  
You and that smile  
I blame you you you  
I can't find another reason  
I just go to pieces over you

I called my best girl  
By your name today  
Course your the only one that's on my mind  
Now she's my ex-girl  
She took a swing at me  
Now you know how I got this black eye

And I blame you you you  
You and that dress of yours  
I blame you you you you  
You and that smile  
I blame you you you  
I can't find another reason  
I just go to pieces over you

Yeah

I'll take the bruises baby  
If I got you to save me  
I'm going head over heels

And I blame you you you  
You and that dress of yours  
I blame you you you you  
You and that smile  
I blame you you you  
I can't find another reason  
I just go to pieces over you

Yeah I blame you you you  
You and that dress of yours  
I blame you you you you  
You and that smile  
I blame you you you

I can't find another reason  
I just go to pieces over you
