

Oh Darling

Plug in Stereo

[Trevor:]

You seem quite nice for a girl with good looks
And I'm the kinda fellow that'll make you feel better when your life gets sh
ook
So give it a chance according to your plans
I bet I'm not number one on your list to kiss, but please understand

[Cady:]

You seem quite shy, but you're oh so cute
And I'm the kind of girl that would love to be yours if you asked me to
So just take a chance, try to hold my hand
I swear I'd never let go
Just let me know if you'd be my man

[Trevor:]

I really want to come out and tell you

[Trevor:]

Oh darling, I love you so

[Cady:]

If you'd ask me for my heart, there's no way that I'll say no

[Trevor:]

Oh darling, just take a chance please

[Cady:]

So we can stay together till hell starts to freeze

[Trevor:]

You seem quite right for a boy like me

[Cady:]

And I wanna know would you treat me well

Would you treat me like a queen

[Trevor:]

Cause I'd like to show you and make you see

[Both:]

That although we're different types

We were meant to be

[Trevor:]

I really want to come out and tell you

Oh darling, I love you so

[Cady:]

If you'd ask me for my heart, there's no way that I'll say no

[Trevor:]

Oh darling, just take a chance please

[Cady:]

So we can stay together till hell starts to freeze

[Trevor:]

So I gotta ask you,

I can't be afraid

I gotta take a chance at love

So what do you say

[Trevor:]

Oh darling, I love you so

[Cady:]

If you'd ask me for my heart, there's no way that I'll say no

[Trevor:]
Oh darling, just take a chance please
