

# Champion

Plumb

You gave it all  
In Your surrender  
You held our name  
Before the Father  
To gain us back  
You never faltered  
You gave it all  
You gave it all

You would not give up  
You said it's not the end  
Oh You did not hold back  
You are our champion  
The day that undid death  
The day that rescue won  
No You did not hold back  
You are our champion

You were denied  
So we could be Yours  
You bled and died  
Till we were paid for  
It was Your life  
That gave us our worth  
You gave it all  
You gave it all

You would not give up  
You said it's not the end  
Oh You did not hold back  
You are our champion  
The day that undid death  
The day that rescue won  
No You did not hold back  
You are our champion

You fought for us  
Our champion  
You died for us  
Our champion  
You conquered hell  
Our champion  
Came back to life  
Our champion, champion

You would not give up  
You said it's not the end  
Oh You did not hold back  
You are our champion  
The day that undid death  
The day that rescue won  
No You did not hold back  
You are our champion

You fought for us  
Our champion  
You died for us

Our champion  
You conquered hell  
Our champion  
Came back to life  
Our champion, champion
