

You got something I like about you
You seem to be a lot like me
I've got ticket to adventure for two
Could be your golden opportunity.
The travel agent, she set up the itinerary,
First class, you can see the moon from a window seat
An agent guided tour of the galaxy,
Tips included, if you want them come with me
Chorus: I wanna know, is there life on Pluto?
Wanna go with me?
We can go in a UFO!
I wanna know, is there life on Pluto?
Wanna go with me?
We can go in a UFO!
I'm bored. Need a little motivation
I'm tired of the same old thing
I've got a feeling of anticipation
Could be our golden opportunity
I've got an urge to go swimming in the Milky Way
Take a trip of fishing in the Neptune sea
Have my picture taken with Peter at the "Pearly Gates"
Smile for the Hubbell, if you want them come with me.
Repeat chorus
In between a blink of an eye, we'll be together
In the sky, we'll be together
Repeat chorus
