

# Forever

Plus One

I lost you in the darkness  
When I fell from the light  
I held on to the world too tight  
I thought I'd never find you  
Thought I'd be alone  
But you took my hand and  
led me home

[Channel:]  
Now I know  
I know that  
You'll always be  
Where I go

[Chorus:]  
Forever is a long time  
To be without you in my life  
I wanna keep you by my side  
'Cuz forever is a long time

You have faith when I'm faithless  
Strength when I don't  
You believe in me even when I won't  
You are patient, you are true  
Your love is what gets me through

[Repeat Channel and Chorus]
