

Wanna go with me?
Do I have to wear
A shirt and tie?
We can take a limousine
But everybody there will
Ask us why!
Ain't nothin' wrong
We can have
A little fun and play
As long as we never forget
How to stop and pray!

If you've been set
On partying 'til your head is numb
Betta not forget
That the party is when the
Kingdom comes!
Come on and dance
All your troubles away
And look thru the
Windows of heaven
It's not too late

[c h o r u s]
My life
Yeah
It's your life
Yeah
Don't want to get it wrong
It's time to get it right
My life
Yeah
It's your life
Yeah
Need to make a change
Time for saving
My life

I was a mess
But that was all before
I told Him yes!
Now it's all good
'Cause everyone in His will
Is blessed!
Just let Him take
All your troubles away
Look thru the
Windows of heaven
It's not too late

[c h o r u s]

Don't wanna wait too long
It might be too late
