

The Promise

Plus One

I know that lately
Things have been so hard
And looking out
Through your broken heart
All you can see is dark
And lonely days ahead
But remember Jesus said

[c h o r u s]
He knows every star in the sky
Every single tear that you cry
His love is here faithful and alive
I know that this world can be cold
In His arms you're never alone
That's His promise to you and I

When hope has disappeared
And your heart aches
You might not recognize
The touch of grace
But on the other side
Of every dying dream
His love is waiting patiently

[c h o r u s]

With every angel there's a love
That never leaves your side
His love is deeper than the ocean
Or a mountain high
You've got to know
There's hope in your heart

And if you listen with your heart
I know you'll hear Him say
You are My child and I am with you
Each and every day
He is the one who knows your soul

[c h o r u s]

That's the promise for you and I
