

Crazy Eyes

Poco

I got a feeling about you love, who? s been fooling who
Crazy eyes, I been a foolin? you
You sing songs about brass buttons and your shiny silver shoes
Crazy eyes what had you to lose

Down among the South Carolina pines you spent
Most of your lifetime in deep thought
Then changes come about and you find the time you spent
Wasn't quite a reason for being bought

So now to be or not to be is the question now
Crazy eyes, don? t you forget how
'Cause I? m used to seeing your face in the crowd
You thought you saw me
Crazy eyes blind as you can be

Down among the South Carolina pines you spent
Most of your lifetime in deep thought
Then changes come about and you find the time you spent
Wasn't quite a reason for being bought

Crazy eyes

So now to be or not to be is the question now
Hey, don? t you forget how
'Cause I? m used to seeing your face in the crowd
And you thought you saw me
Crazy eyes, you're blind as you can be

Down among the South Carolina pines you spent
Most of your life
