

I Can Only Imagine

Poco

How could I have known
There wasn't a clue
That somewhere in this crazy world
It would lead me here to you
And I had the baggage
Enough to bring it all down
With no one to turn to
That was then and this is now
When you came
With the heart and the soul
Giving all that you could give
Taking me from out of the cold
Where I was standing in my own way
I can only imagine
The way I could have been denied
Slipping in the light fantastic
Just living a lie
God and the angels
Surely had a plan
And somehow through the years
One day I'd understand
That there's one for everyone
Now I believe that's true
You're the heart and the soul
That takes me to you
