

Love's So Cruel

Poco

Hold on to your heart
One's all that you've got
Don't let it break in two
Hold on to your love
Don't follow your heart
It can turn around on you

And there's nothing you can do
Nothing you can do
Nothing you can do
Love's so cruel
Love's so cruel

She's got eyes crystal blue
She's got eyes just for you
And your heart won't help at all
No matter how crazy
You know it can be
You'll go ahead and fall

Hold on to your heart
Hold on play it smart
Don't let love make
A fool of you
