

# Spellbound

Poco

There's an easy evenin' breeze  
Movin' softly through the trees  
I feel my head begin to reel  
Can't explain the way I feel

Now the moonlight is fallin' around her  
(Don't you know that?)  
Tonight is the night for surrender  
(Can't you see it comin' down?)  
She's holdin' you spellbound, spellbound

She's got me hangin' by a heartbeat  
Burnin' in the evening heat  
She takes me there it leaves me breathless  
Starry-eyed, satisfied

When you're burnin' the bridges behind you  
(Don't you know that?)  
Smoke can begin to blind you  
(Can't you see it coming down?)  
It's holdin' you spellbound, spellbound

Now the moonlight is fallin' around her  
(Don't you know that?)  
Tonight is the night for surrender  
(Can't you see it comin' down?)  
She's holdin' you spellbound, spellbound  
No, no, no, spellbound

She's holdin' on to me  
She's holdin' on it's true  
She's holdin' on, she won't let go  
Spellbound
