

# The Everlasting Kind

Poco

I'm only human, I hope you keep it in mind, mmm  
I make mistakes and I say some things I never should

But if you'll give it half a chance  
I'll guarantee that our romance will be the everlasting kind

Oooh...

And if you'll give it half a chance  
I'll guarantee that our romance will be the everlasting kind  
Here until the end of time

People will tell you that it isn't what it seems  
I can't pretend to understand their hidden schemes

Oooh...
