

# When It All Began

Poco

I remember the feeling, not so long ago  
The kids came dancin', their hearts were romancin'  
And the music was live Poco  
Some called it country, some called it rock and roll  
But whatever the sound, it was sure to be found  
With a heart, rhythm and soul

Do you remember then, how it was when it all began  
Do you remember then, how the music made you feel,  
when it all began  
Ooh do you remember when, when it all began,  
ooh do you remember when

New York and Boston, yeah we sure had some fun  
Summer nights in the park, and when the music would start  
Ooh what a time and then some  
We sang together, "a good feelin' to know"

Yeah we turned it up loud, gave our hearts to the crowd  
But then came the end of the show

To capture the moment, to make it ours for all time  
I know we can just remember how it was,  
when it all began

Oh now do, do you remember when - how the music played  
Ooh, do you remember when - when it all began  
Oh now ooh, do you remember when, oh now ooh, do you remember w  
hen  
Do you remember, do you remember when,  
do you remember...
