

## When She's Mine

Poco

Fast as a ray of golden light  
She dances through my fingers  
Gone in a flash, the moment passes  
Still my passion lingers  
'Round and around she leads me  
Where we're going, she won't say  
But I follow anyway

The music comes  
The music goes  
But when she's mine, when she's mine  
My heart tells me so

Soft as a whisper in the wind  
She wakes me from my sleeping  
Is this sweet surrender  
Or a promise she's not keeping  
One minute, she's an angel  
The next she's so unkind  
And we dance one more time

'Round and 'round she takes me  
Where we're going I don't care  
Just as long as she is there
