

## Win Or Lose

Poco

I've seen you falling behind your dreams  
And pictures changing without the scenes  
Broken stories and borrowed lines  
Ain't it hard these days  
To get on your way  
Well, it's still what you do  
And it's not so much in what you say

And there are people who ride a train  
Into the city and back again  
Only to get up in the same old frame  
Could you reckon with them blues  
In a world that's win or lose  
Any fool could see  
It goes on just the same

So many people inside the past  
Talkin' 'bout these days they're movin' too fast  
And the future it will not last  
Everybody has a dream  
Take the one you can live between  
'Cause you're the only one that's left to choose  
What you want to win or lose

Everybody has a dream
