

You Better Think Twice

Poco

CAPO 2. FRET

You better think twice
About leaving me behind,
Make up your mind
About what you're gonna do
You know it ain't easy
When your love hurts night and day
Oh how you please
When I hear you call my name
Breathlessly I await the moment to surround you
Do not fear the song that makes you sing
It'll offer you wings to fly away

But do not expect to land if you can't stay
You better think twice
About leaving me behind
Make up your mind
About what you're gonna do
You take my advice
Oh woman, you got to choose
Take a little time
You got nothing more to lose

SOLO

In time, you know my melody will haunt you
Your words can make it rhyme so easily
It ain't no sin, when love is real
So come on and let me know just how you feel
You better think twice
About leaving me behind
Make up your mind
About what you're gonna do
You take my advice
Oh woman, you got to choose
Take a little time
You got nothing more to lose
