

Be alone

Podfuck

I can think about my problems.
I can give a smile to mirror.
I can be for a while myself.
I can do what I always want.

I can talk to my guitar.
I can clean my dirty mind.
I can forget about bad people.
I can cry fuck!

I want to be alone
when nobody sees me,
when nobody hears me,
when I'm for a while free...

I can cry for all my broken strings.
I can look forward to beer.
I can laugh at nice memories.
I can show what I really feel.

I can listen to my fauavorite PuNk.
I can jump and sing a stupid song.
I can dream about a summer.
I can often want to be alone...
