

## Farce

### Poema Arcanus

Tired to hear the same lies  
Tired to look the same smile faces  
Tired to look the electoral show  
Disconnect de TV think for a minute

They wanna make me think - in dying for the flag  
They wanna meke me feel - as a part of the machine  
They wanna meke me lie - praying to their god  
Listen to your mind and ignore the fucken farce

Chorus  
Hypnotized - prejudice  
Leave the mass - farce

Ignore the fucken farce !!

Fucken liars, drive the nation  
While poorness go from bad to worse  
Politicians only talk to much  
But these motherfuckers, nothing do

Chorus
