

# Timeless Sands

Poema Arcanus

L and M : Igor L.

Walk alone for years  
Through timeless sands  
The sun is my burden  
And the shame marks my path

Life lies beneath  
Under timeless sands  
Barefoot on warm blood  
Sorrows start to grow...

Sorrows start to grow!

Chorus:  
Was my rest a sin?  
The weight of timeless sands I'd never felt  
Now is too late for me!  
Timeless sands ... bury me deeply...

Follow my journey for a lifetime  
See my limbs, now they're weak  
A numb soul and a blind heart  
A life covered by sand.

..... Timeless sands ... x2

Timeless sands!

Chorus x2
