

## Seek You Out

Poets of the Fall

Never said you'd promise anything  
Never told to trust you blindly  
Never thought you'd hurt me either

Never had a chance  
Now ain't that so  
Never should've wept  
When you let go  
Never thought  
You'd push me away

Sad as it may be  
I'm glad it's over finally  
Speaks volumes of me  
When letting go is never easy

So I'll seek you out  
Just to find myself  
And I'll worry 'bout consequences later  
I hear you out  
Till I hear myself  
Hear myself in you

Never knew if we were really true  
Never thought I'd ever get to you  
Never thought I'd end up like this

Never was I stronger than I'm now  
Never felt this much a fool somehow  
Never had much thought for myself

Sad as it may be  
I'm glad it's over finally  
Speaks volumes of me  
When letting go is never easy

So I'll seek you out  
Just to find myself  
And I'll worry 'bout consequences later  
I hear you out  
Till I hear myself  
Hear myself in you

Never knew if we were really true  
Never thought I'd ever get to you  
Never thought I'd end up like this

Never said you'd promise anything  
Never told to trust you blindly  
Never thought you'd hurt me either
