

# Begin With Me

Point Of Grace

Lord, I know sometimes you look down  
And shake Your head  
When we know what we should do  
And do the other thing instead

We're living in glass houses  
And we're throwing sticks and stones  
The love that will come to us  
Is the love that we have shown

Ignite a fire in my spirit  
And when I want to make a difference  
This will be my prayer

Begin with me  
Turn my world upside down  
Come change my heart around  
Lord keep on washing me clean

Begin with me  
Come and renew my mind  
And lead me to the light  
'Til I am more like You, Jesus  
Begin, begin with me

Have you ever noticed  
How we love to give advice  
We offer up suggestions  
Without thinking twice

Got 20 20 vision  
When we're watching someone else  
But it's a little blurry  
When we're looking at ourselves

I can't forget to check the mirror  
That's where I find the only one  
That He wants me to change

Begin with me  
Turn my world upside down  
Come change my heart around  
Lord keep on washing me clean

Begin with me  
Come and renew my mind  
And lead me to the light  
'Til I am more like You, Jesus

Starting right here, right now  
Lord, I surrender to You  
Ready to serve, ready to love  
'Cause that is all that matters in the end

Begin with me

Begin with me

Turn my world upside down  
Come change my heart around  
Lord keep on washing me clean

Begin with me  
Come and renew my mind  
And lead me to the light  
'Til I am more like You, Jesus

Begin with me  
Turn my world upside down  
Come change my heart around  
Lord keep on washing me clean

Begin with me  
Come and renew my mind  
And lead me to the light  
'Til I am more like You, Jesus

Begin with me
