Drawing Me Closer

Point Of Grace

It's the hope I know, the grace you show That drawing me closer, drawing me closer It's the peace I feel, it's your love so real That's drawing me closer (2x)

I'd be lost here inside myself I'd be nothing without You If Your ways didn't pull me in Like they do

It's the hope I know, the grace you show That drawing me closer, drawing me closer It's the peace I feel, it's your love so real That's drawing me closer And my heart beats with pure amazement Every time I fell the tender touch of your love Drawing me closer

Tell me how when You hold me near I can feel so free Where would I be if not for You Moving me

It's the hope I know, the grace you show That drawing me closer, drawing me closer It's the peace I feel, it's your love so real That's drawing me closer And my heart beats with pure amazement Every time I fell the tender touch of your love Drawing me closer

Your love I can hear your voice it's calling me To the shelter of Your arms It's the hope I know, the grace You show That's drawing me closer It's the peace I feel, it's Your love so real That's drawing me closer

It's the hope I know, the grace you show That drawing me closer, drawing me closer It's the peace I feel, it's your love so real That's drawing me closer And my heart beats with pure amazement Every time I fell the tender touch of your love Drawing me closer

Your love Drawing me closer, closer, closer Hey, hey now hear your voice it's callin me Hey, hey now drawing me closer Hey, hey now Everybody come and see Hey, hey now yeah Drawing me closer Hey, hey now...
