

Justified

Point Of Grace

I've tried everything I know
Just to earn a piece of mercy for my soul
Despite my strain
Guilty I remained

Then I found forgiveness
I found grace
All condemnation You've erased
Taking my death and giving me life
I have been justified

You gave hope a place to stand
Paying all the cost Your holiness demands
Free from all
All that I deserve

I found forgiveness
I found grace
All condemnation You've erased
Taking my death and giving me life
I have been justified

Freedom from my darkest hours
Freedom to be in the light
Freedom I am blameless in Your sight

I found forgiveness
I found grace
All condemnation You've erased
Taking my death and giving me life
I have been justified
