

# One More Broken Heart

Point Of Grace

I see people merely existing  
I see vacant eyes full of pain  
Lives broken and abused  
Hiding hearts scarred and stained

As long as theres one more broken heart  
One more crying soul, I'll go  
And I will love them, Jesus  
As long as theres one more needing you  
One more I can show your love  
As long as theres one more broken heart

Could it be that I could make a difference  
If I care the way You care for me?  
When they look into my eyes  
Let it be Your eyes they see

As long as theres one more broken heart  
One more crying soul, I'll go  
And I will love them, Jesus  
As long as theres one more needing you  
One more I can show your love  
As long as theres one more broken heart

Let me show them that You love them  
Won't you help me bring them in?  
Lord, I promise you again...

As long as theres one more broken heart  
One more crying soul, I'll go  
And I will love them, Jesus  
As long as theres one more needing you  
One more I can show your love  
As long as theres one more broken heart

One more broken heart  
One more broken heart  
One more broken heart
