

Saving Grace

Point Of Grace

She had her father's blue eyes
He left home before she arrived
Momma named her Grace
Just getting by on their own
When Grace was 15
She ran from home
One December day
Grace is lost and alone
In a world as cold as stone
God is counting on us
To reach her with his love

It's all about saving Grace
All about living love
Being Jesus
To those He came to save
Sharing life
And giving our own away
All about serving God
All about saving Grace

She'd never darken the door
Of any church
She would say "What for?
No one there would care for me"
We Have to go where she lives
Simply show her who Jesus is
Watch him set her free
For grace flows down from above
And faith requires a self-less love
For a world
That's dieing to see
The hope in you and me

It's all about saving Grace
All about living love
Being Jesus
To those He came to save
Sharing life
And giving our own away
All about serving God
All about saving Grace

There are countless millions
Just like Grace
Who need a merciful embrace
They won't believe our god is real
Until they feel his touch

Saving Grace
Living love
Being Jesus
To those He came to save
Sharing life
And giving our own away
All about serving God
All about saving Grace

Being Jesus
To those He came to save
Sharing life
And giving our own away
Serving God
All about saving Grace

Oh, yeah
