

Angeline

Pointed Sticks

Close your eyes Angeline
You don't have to worry about it this time
Well I know it seems unfair
But some people only have one way to do things

I understand the things you said about them
I feel the same way too
But if you want someone to talk about it
How can you treat them like a fool

Take the world, it's yours if you want it
All the guns and armies couldn't stop you
You just grab it hold it
Find a space on it
And if you do it save a place for me

Don't think about tonight
There'll be sometimes you'll swear that this was easy
It's the start of your whole life
And now it's time to learn to live with all of your problems

Don't get me wrong, I'm not trying to warn you
And you don't need to be on guard
Cause after all what could I have to tell you
My life has never been this hard

Take the world, it's yours if you want it
All the guns and armies couldn't stop you
Take the world, it's yours if you want it
All the guns and armies couldn't stop you
Yeah, yeah, take the world, it's yours if you want it
No, all the guns and armies couldn't stop you
You just grab it hold it
Find a space on it
If you do it save a place for me
Save a place for me, save a place for me
Yeah, save a place for me
