

Perfect Youth

Pointed Sticks

Here comes the latest crowd
They're the kids with common view
They always look so they make you feel so old
Emotions running out of control
They have to act on intuition
And live fast for just one night and forget about tomorrow

And I think that's perfect (perfect youth)
It only happens when you're young (perfect youth)
And if you're perfect (perfect youth)
There isn't any right or wrong (perfect youth)

I used to be just like them
It's the air of confidence
Of course the styles have changed since my day about two weeks ago
But no, I don't feel bitter
This is what must happen
I lived with the realization
While they fulfill their obligations

And I think that's perfect (perfect youth)
It only happens when you're young (perfect youth)
And if you're perfect (perfect youth)
There isn't any right or wrong (perfect youth)

So face front you young Canadians
This time is yours to spend they way you choose
You just can't loose
So don't worry

And I think that's perfect (perfect youth)
It only happens when you're young (perfect youth)
And if you're perfect (perfect youth)
There isn't any right or wrong (perfect youth)

Yeah I think that's perfect (perfect youth)
It only happens when you're young (perfect youth)
And if you're perfect (perfect youth)
There isn't any right or wrong (perfect youth)

So perfect (perfect youth)
So perfect (perfect youth)
So perfect (perfect youth)
You think you're so perfect (perfect youth)
So perfect (perfect youth)
So perfect (perfect youth)
So perfect (perfect youth)
So perfect (perfect youth)
So perfect (perfect youth)
You think you're so perfect (perfect youth)
You think you're so perfect (perfect youth)
You're so so so perfect (perfect youth)
You think you're so perfect (perfect youth)
