

The Witch

Pointed Sticks

See you got a little girl
She's new in town
Well you better watch out now
'Cause she'll put you down
She's an evil chick
Said she's the witch

She's got long black hair
Big black car
I know what you're thinking
But you won't get far
She's gonna make you itch
Said she's the witch

When she walks around late at night
Most of the people are sleeping tight
If you hear knocking on your door
You better send them away (*howl*)

And now you know the score
I've made it clear
And do you remember
I told you so
She's gonna make you itch
Said she's the witch

When she walks around late at night
Most of the people are sleeping tight
If you hear knocking on your door
You better send them away (*howl*)

Got a little girl
She's new in town
Well you better watch out now
She might put you down now
She's gonna make you itch
Said she's the witch
