

# What Do You Want Me To Do

Pointed Sticks

You walked out took your chance  
You turned your back on our romance  
You said you'd found somebody new  
You said the change would do you good

But then the bubble burst your dream  
Turned into a nightmare scream  
He pushed you till you nearly cracked  
But now you say you want me back

But baby, baby, what do you want me to do (what do you want me to do)  
Say that I need you more (need you more)  
Is that what real lovers do (is that what real lovers do)  
Or only what you use me for (use me for)

You never even gave me a thought  
You figured that I'd be alright  
I never had a chance to persuade you  
You never let me put up a fight

You wanted that boy so bad  
Until you found out that you'd been had  
You came crawling to me on your knees  
Asking me to love you please

But baby, baby, what do you want me to do (what do you want me to do)  
Say that I need you more (need you more)  
Is that what real lovers do (is that what real lovers do)  
Or only what you use me for (use me for)

But baby, baby, what do you want me to do (what do you want me to do)  
Say that I need you more (need you more)  
Is that what real lovers do (is that what real lovers do)  
Or only what you use me for (use me for)

So what do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)  
Oh what do you want me to do (what do you want me to do)  
Oh what do you want me to do, baby (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do, baby (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)  
What do you want me to do (what do you want me to do)
