

Good Time

Poison Girls

I saw you shove that hosepipe down your trousers
So you can shiver with something to shake
I'm gonna rip them buttons off your tease shirt
I'm gonna peel that wrapper off your face

Obsessive sexuality

I'm gonna lick that sugar off your hairstyle
I'm gonna pick the icing off your cake
I saw you stuff that kleenex in your brassiere
I saw you stick a cherry on your fake

Deceptive sexuality
Lalalalalalala .. good time
Lalalalalalala .. good time
Lalalalalalala .. gotta have a good time

You can forget the meaning of existence
You can forget the things that make you tick
Just look at me, I'll weaken your resistance
Push you over, take you over, take you quick
