

## Hot for Love

## Poison Girls

Hot for love, hot for love  
She didn't mess around  
Hot for love, hot for love  
She didn't check her ground

You saw me out tonight  
With my lover tonight  
You didn't see me  
You saw my lover  
You kissed him twice  
You didn't see me

You thought the coast was clear  
For you to move near  
And take my lover away  
Well I'm a woman like you  
I've got feelings too  
And I want him to stay

She's hot, she's cool  
She's nobody's fool  
She's state of the art  
The devil you know, is up for grabs  
She went straight for his heart

Hot for love, hot for love  
She didn't mess around  
Hot for love, hot for love  
She didn't check her ground

I saw you kiss him tonight  
It didn't seem right  
Cos he's my lover  
Do you understand  
Will you touch my hand  
Or run for cover.....!!
