

Stonehenge

Poison Girls

The landlords put the fences up a long time ago
They robbed us all as everybody knows
But some things can't be controlled
Don't mess with the standing stones

Stonehenge is alive and strong
It's ain't no ancient ruin
Don't mess with the standing stones
You don't know what you're doing

Out of your concrete cities, out of your concrete minds
Out of your control, a festival unwinds
But some things can't be controlled
Don't mess with the standing stones

In summer nineteen eighty-five
We came to keep Stonehenge alive
Stick and stones can break our homes
But they don't know what they're doing

Where do you go in the summertime
When the air is sweet and the sun is high
Where's the holiday you can take
If you're on the dole not on the make
And we all know and they all know
We never messed with the standing stones

Stonehenge is free and won't be owned
It's no dying ruin
English Heritage go to hell
You don't know what you're doing

This time they went too far
What fools the landed gentry are
Stuff your razor wire down your throat
And wash it down with a five pound note
Stonehenge won't be controlled
Don't mess with the standing stones

The police smash - the police break
The police made a big mistake
The power is ours for us to take
And we know what we're doing
