

Voodoo Pappadollar

Poison Girls

Sat in a dark room
Alone in a dark room
Pain needles and blood
Lie in a cold bed
Screams
Panic and knives

Taking voodoo pills
Faking voodoo spells
Making voodoo dolls

Alone in a cold bath
Float in a cold bath
Booze ashes and snakes
se**** jealousy
Juju whistles and bones

Voodoo papadollar
With your bag of horror
I'm chasing you away
Voodoo papadollar
You lost your juju power
You can't stand the light of day

Voodoo papadollar
You're the other woman
Bleeding me away
You've been part of me
Since the child that was me
Was first betrayed

Taking voodoo pills
Faking voodoo spells
Making voodoo dolls

Shaking fire and teeth
Burning hair with grease
Wax and feather balls
Fur and powdered horn
Paints and shredded rags
Straw and rubber bags
Mud and knotted skin
Blood and rusty pins

Taking voodoo pills
Faking voodoo spells
Making voodoo dolls
