

Getting The Fear

Poison Idea

Peace, love and eternal life
Ended with 169 swings of a knife
It looks like the soul really
Picked a good one on this time
Death Valley, CA... 1969

Getting the fear (4x)

I am just a mirror
A reflection of what you want to see
Infinite plan of fear unto infinity
They crucified him once
But now he's back, at cost
Now it's the pig's turn
To go up on the cross

Getting the fear (4x)

There is no wrong
There is no right
There is no sin
When we dance in the night

Getting the fear (4x)

The people you call my family
You didn't want,
Left them out by the road
I took them into my dumpster
Fed them and gave them clothes
The numbers are always growing
The will is always strong
You'll learn that for love of brother
There is nothing that is wrong
