

## Tormented Imp

Poison Idea

Don't see the picture  
Couldn't read the caption  
Read your eyes like paper  
You turned fast I can't remember  
Humiliation abundant  
Almost like the last time  
But you always act so humble  
I don't know what's on your mind  
First side, swing to the left  
I like it best, then I look  
After me or the rest  
Then I swing to the right  
You say its wrong, no man is free  
who can't sing this song  
Tormention no question  
Surrender. Get the picture?  
Look me right in the eyes  
Tell me the truth and give me a smile  
Imp that's all it means
