

Mr. Smiley

Poison

I heard a funny thing about me
Lately I've been living on the edge
I won't say that ain't true,
But who the hell are you
I don't recognize my own face or my friends.

Hey, Mr. Smiley
Read the writing, on the wall
Wake up, Mr. Smiley
Before you don't wake up at all

Today, I hired me a yes man
He simply agrees with anything I say
He does all my dirty deals
And feeds me my pills
As long as I'm still breathing he gets paid

Hey, Mr. Smiley
Read the writing, on the wall
Wake up, Mr. Smiley
Before you don't wake up at all

Yesterday I had a conversation
With all them voices in my head
One said I was no good
One said I should quit
One said I'll be fine just as soon as I get myself a fix

Hey, Mr. Smiley
Read the writing, on the wall
Wake up, Mr. Smiley
Before you don't wake up at all

Put on Mr. Smiley
And I'm feeling ten feet tall
Bye bye, Mr. Smiley
You got to go now, they just called, they just called
