

Set You Free

Poison

When you was a child life's a game
But you got all the rules all changed
Pray to a spiritual God for material things
Then wait by the phone but it don't ring

So if you feel like you fell behind
That mountain's got too big to climb
Want to hang your head and say screw it
Forget that shit lets get down to it
Come on, baby

Mind tripper
Dance sister
It'll set you free
Mind tripper
Dance sister
Keep the faith
forget the fame
Don't let your balls go down the drain
It'll set you free

The news man shoves it down our throats
The ratings sore, the victims choke
So your best stand clear
For a few of us who got no fear

So you feel like you sinned baby
You got nothing left, no no
Stop feeling like a number
You best forget that shit that you been told
Baby bring it on

Mind tripper
Dance sister
Bring her right here to me

Mind tripper
Dance sister
There ain't no way to change your past
Unless you get your head out of your ass
It'll set you free

That shit comes down for miles
And it really starts to stink
Then dump it in the ocean
Till the water is at the brink
And when that boat don't float no more
They're just gonna let it sink
Don't ask me no more questions, baby
You know what I think

Well, have heard about it
All the new talk on the streets
I'm coming on hard, baby
I hope you're ready for a brand new me

So get your head out of the gutter

That's no way to right that wrong
They'll be time enough for sleep
When your dead and gone I said
Bye bye, babe

Mind tripper
Dance sister
Bring her right here to me

Mind tripper
Dance sister
There ain't no way to change your past
Unless you get your head out of your ass

Mind tripper
Dance sister
Keep the faith
forget the fame
Don't let your balls go down the drain
It'll set you free
