Tried

Rain makes this house cold, bedroom on the first floor Winter takes it's toll on me I'll never give up, I'll never give way My stubborn side sees light today What can I expect from naked nights in the arctic Suppose I can't complain when I've got the means to change It's never enough. No, it's never enough

I ask myself, "One more?" (one more) Or is it time to say (to say) "We tried and quit" I ask myself, "One more?" (one more) Or is it time to say (to say) "We tried and quit" One more? One more? We tried. Never giving up, never giving way Fighting for the fat chance it will change
