

Some of you don't know
What kind of music we play
I'm gonna explain it now
So you will better stay

I believe the best way
To listen what I say
Is to move your stomping feet`s
Right on the second beats

SKA is the rhythm that makes your body move,
Won't let you stand and brings an exotic groove
SKA is the power that our engine needs,
Rude boys and rude girls don't need more than this

R: SKA, SKA

Jamaican SKA SKA

Black or white ? NO! We shout black AND white
If the world accepts this everything will be alright
This is not easy 'till the Earth has some fools
Who think they're gods and ignore all rules.

R: SKA, SKA
