

## On the second side

Polemic

1. Somewhere on the second side  
Where's the day when here's the night  
I saw u how u danced on the street  
Listened to ska and stomped your feet
2. Emptiness has gone from my poor life  
And u filled the vacuum in my heart  
I understood that we were walking the same way  
Baby can u fill my heart again

R: And she smiled  
I tried too  
When her love  
Became true  
So we were laughing everything was fine  
And I knew she's only mine  
Oh I 'm in love.....

3. I asked her „what about friends?“  
And she told me „there 's noone else...“  
So I said „let 's have a tea...“  
She smiled like a summer breeze

4. Now u live here by my side  
Through the days and through the nights  
And I wanna tell u something yet  
U 'r the best girl I 've ever met...

R: And she smiled...
