

Top secret man

Polemic

1. I'm living in town, I've got nothing,
Nothing from city boys life
Meeting hundreds of people each day
But their faces are still the same

2. I don't smile I don't speak
Nothing else on my mind
I wanna get into your head
Figure out what's in your brain

R: I wanna get, I wanna be, I wanna stay
TOP SECRET MAN
I wanna hear like people say I'm a
TOP SECRET MAN
Untouchable, Invisible, I'm a
TOP SECRET MAN
Invisible, Untouchable, I'm a
TOP SECRET MAN

Solo:

R: I wanna get...

3. I am your shadow in the light,
I am your bedroom through the night
I'm your clothing I'm with you
You don't see me, but I see you

4. I'm living in town, I've got nothing,
Nothing what you could expect
Hearing thousands of noises all day
But their meaning is blown away

5. I don't think, I don't care
What will happen next day
Morning comes, life is fast
The other say where I should stay

R: I wanna get...
