

## Someway

Poliça

Some way high  
Wanna feel it  
Get  
Inside  
Why?  
Rocking back and forth  
Under lovers  
Thieving all my freedom like summer  
Come take my measure  
I'm the bird of pleasure  
When it falls to the top floor  
It's gone  
Only fool to follow fool to follow you  
Only a fool  
Some way high  
Wanna feel it  
Get  
Inside  
Why?  
Blood sewn  
In your tears i awoke  
Feel again  
Lucid on the phone  
Arrive calls  
The knock of martyr  
She tries to train the rain to fall on her head  
Soaked in and dripped thin  
She washes away with the water  
Rest never Rest never  
Soaked in and dripped thin  
She washes away  
Only fool to follow fool to follow you  
Only fool to follow fool to follow you  
Only fool to follow fool to follow you  
Soaked in and dripped thin  
She washes away with the water  
Its a life on my my back  
Some high way  
Wanna feel it  
Get  
Inside  
Why?  
Some way high  
Wanna feel it  
Get  
Inside  
Why?
