

Dig Brother

Pond

It don't matter what clothes you wear
It doesn't matter how you do your hair
All that matters is that you're looking strong

And I dig, brother, I dig, dig, brother, I dig
She's a strong look

It don't matter if you rock and roll
It doesn't matter anyway
It doesn't matter what you did today

And it's cool, brother, it's cool, cool, brother, it's cool
It's cool, brother, it's cool, cool, brother, it's cool

The sun's shining on the place to the west
And you're living close to the edge
Chasing around like you have a gun

And I know, brother, I know, know, brother, I know

Dig society, I gotta look
Dig society, we gotta look and dig it
Dig society, I gotta move
You [?] alone, be proved down
