

Moreno's Blend

Pond

There's a shining light on my waking hours
It's not the day, it's the night, not the morning shower

Fear will be around if you don't wake up to a cup
Of Moreno's blend it can all be the end now

Oh, I know it's getting harder each day, just trying to rise
I know there must be a way to ease my troubled mind

Fear will be around if you don't wake up to a cup
Of Moreno's blend it can all be the end now
